APPLIED WITH A CLOTH

**NOT A VARNISH
BUT A SURFACE FOOD**

**WONDERFUL FOR
DUSTING**

A woman with dark hair and a white flower in it, wearing a red patterned blouse and a white skirt, is shown from the side. She is holding a white cloth and wiping the top of a dark wooden piano. A bottle of 'Liquid Veneer' is visible on the piano's surface near her hand.

To keep a piano looking beautiful and new, dust it with Liquid Veneer. It instantly removes dust, finger-marks, blemishes and that ugly, smoky looking surface. It restores the original brilliancy of the costly finish and preserves it.

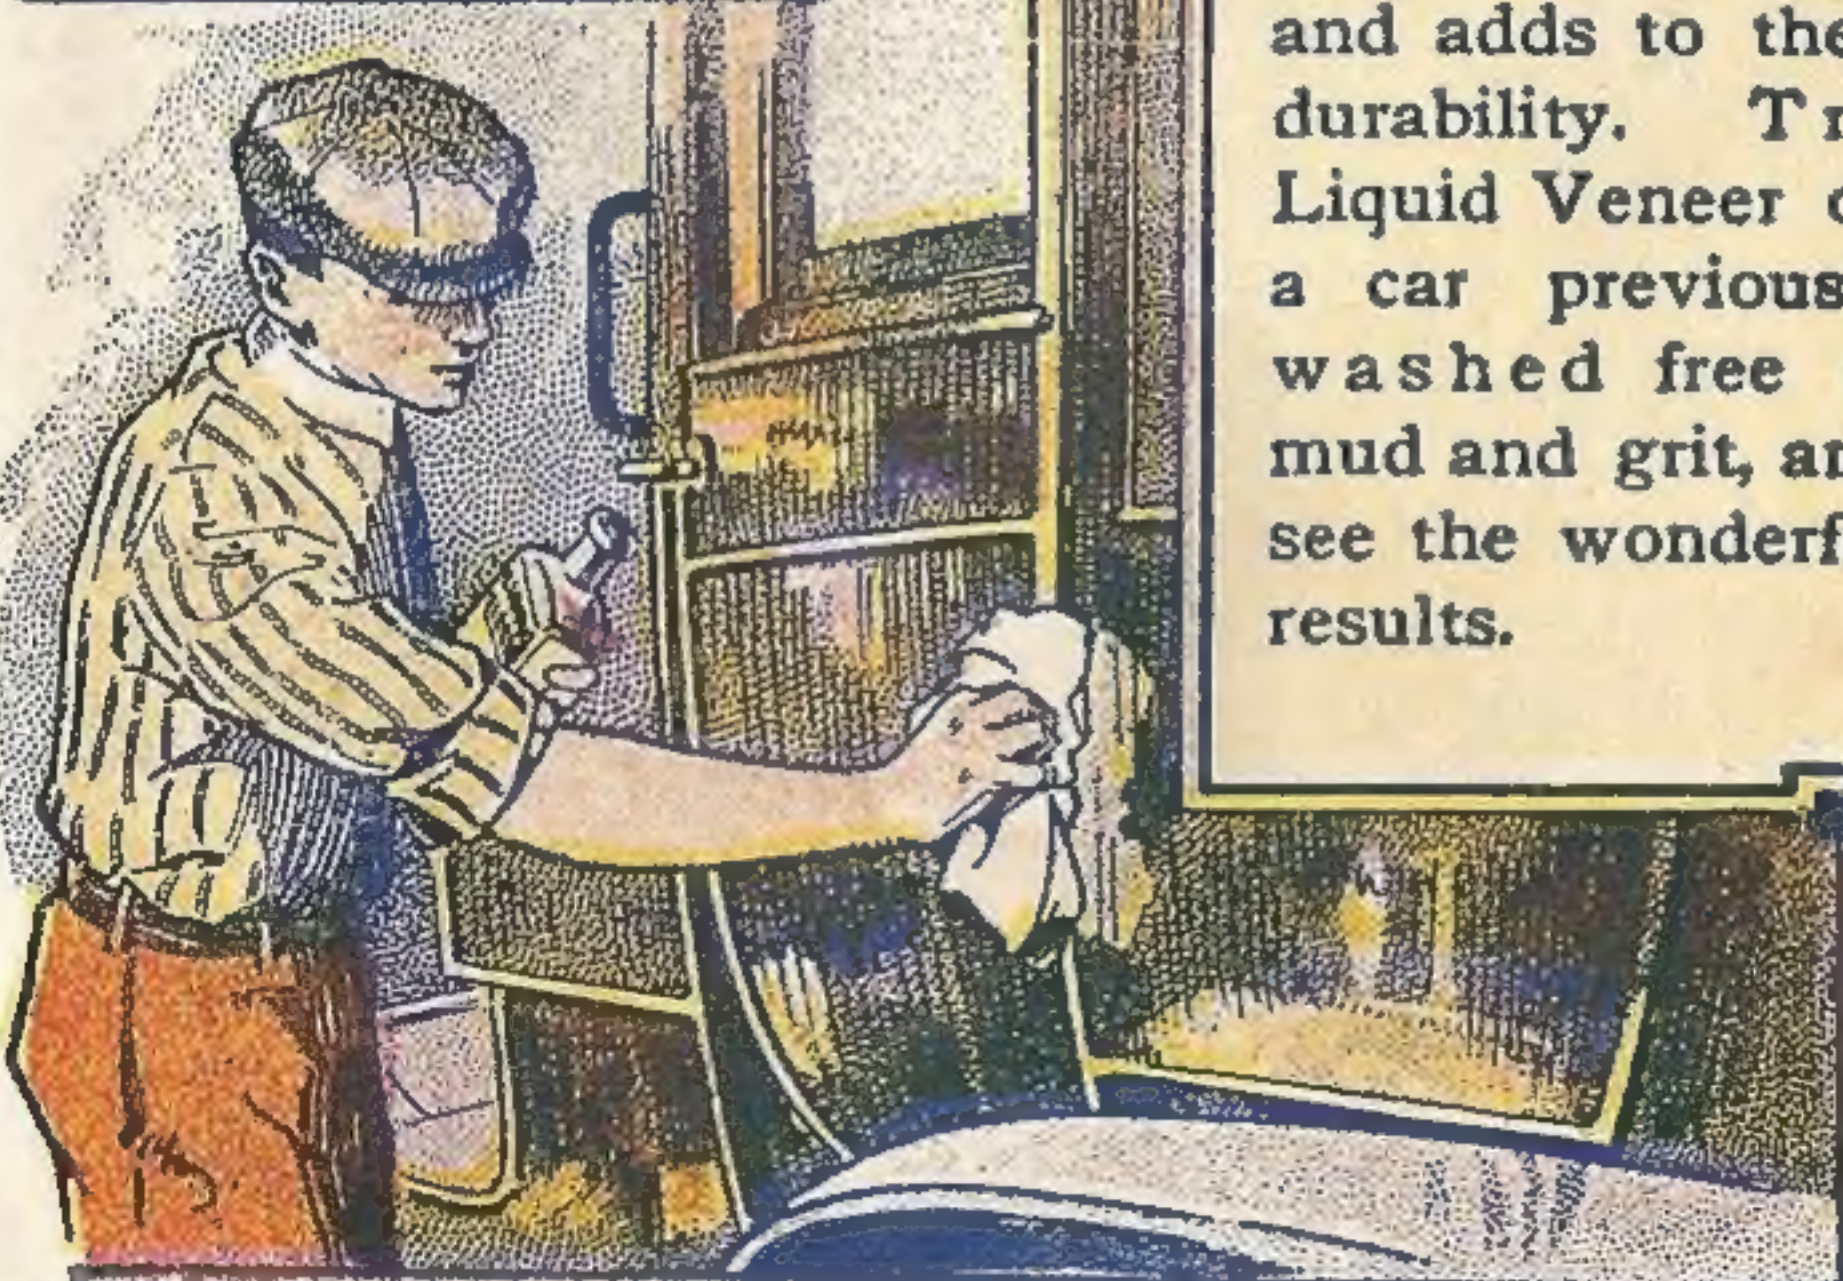

A woman with dark hair and a white flower in it, wearing a dark purple long-sleeved dress with a white collar and a white skirt, is shown from the front. She is leaning over a wooden table, using a white cloth to clean its surface. A bottle of 'Liquid Veneer' is placed on the table to her right.

Liquid Veneer gives a mirror finish to table tops and other highly finished surfaces. No more trouble than ordinary dusting. Simply moisten a piece of cheese cloth with Liquid Veneer and dust in the usual way. See what a difference it makes.

A piece of cheese cloth moistened with Liquid Veneer gives wonderful results on balustrades. It carries away every particle of dust and makes the woodwork just like new. Gives new life and lustre to varnished surfaces. Makes frequent varnishing unnecessary.

Saves time and labor as well as expense. Simply dust with it—that is all.

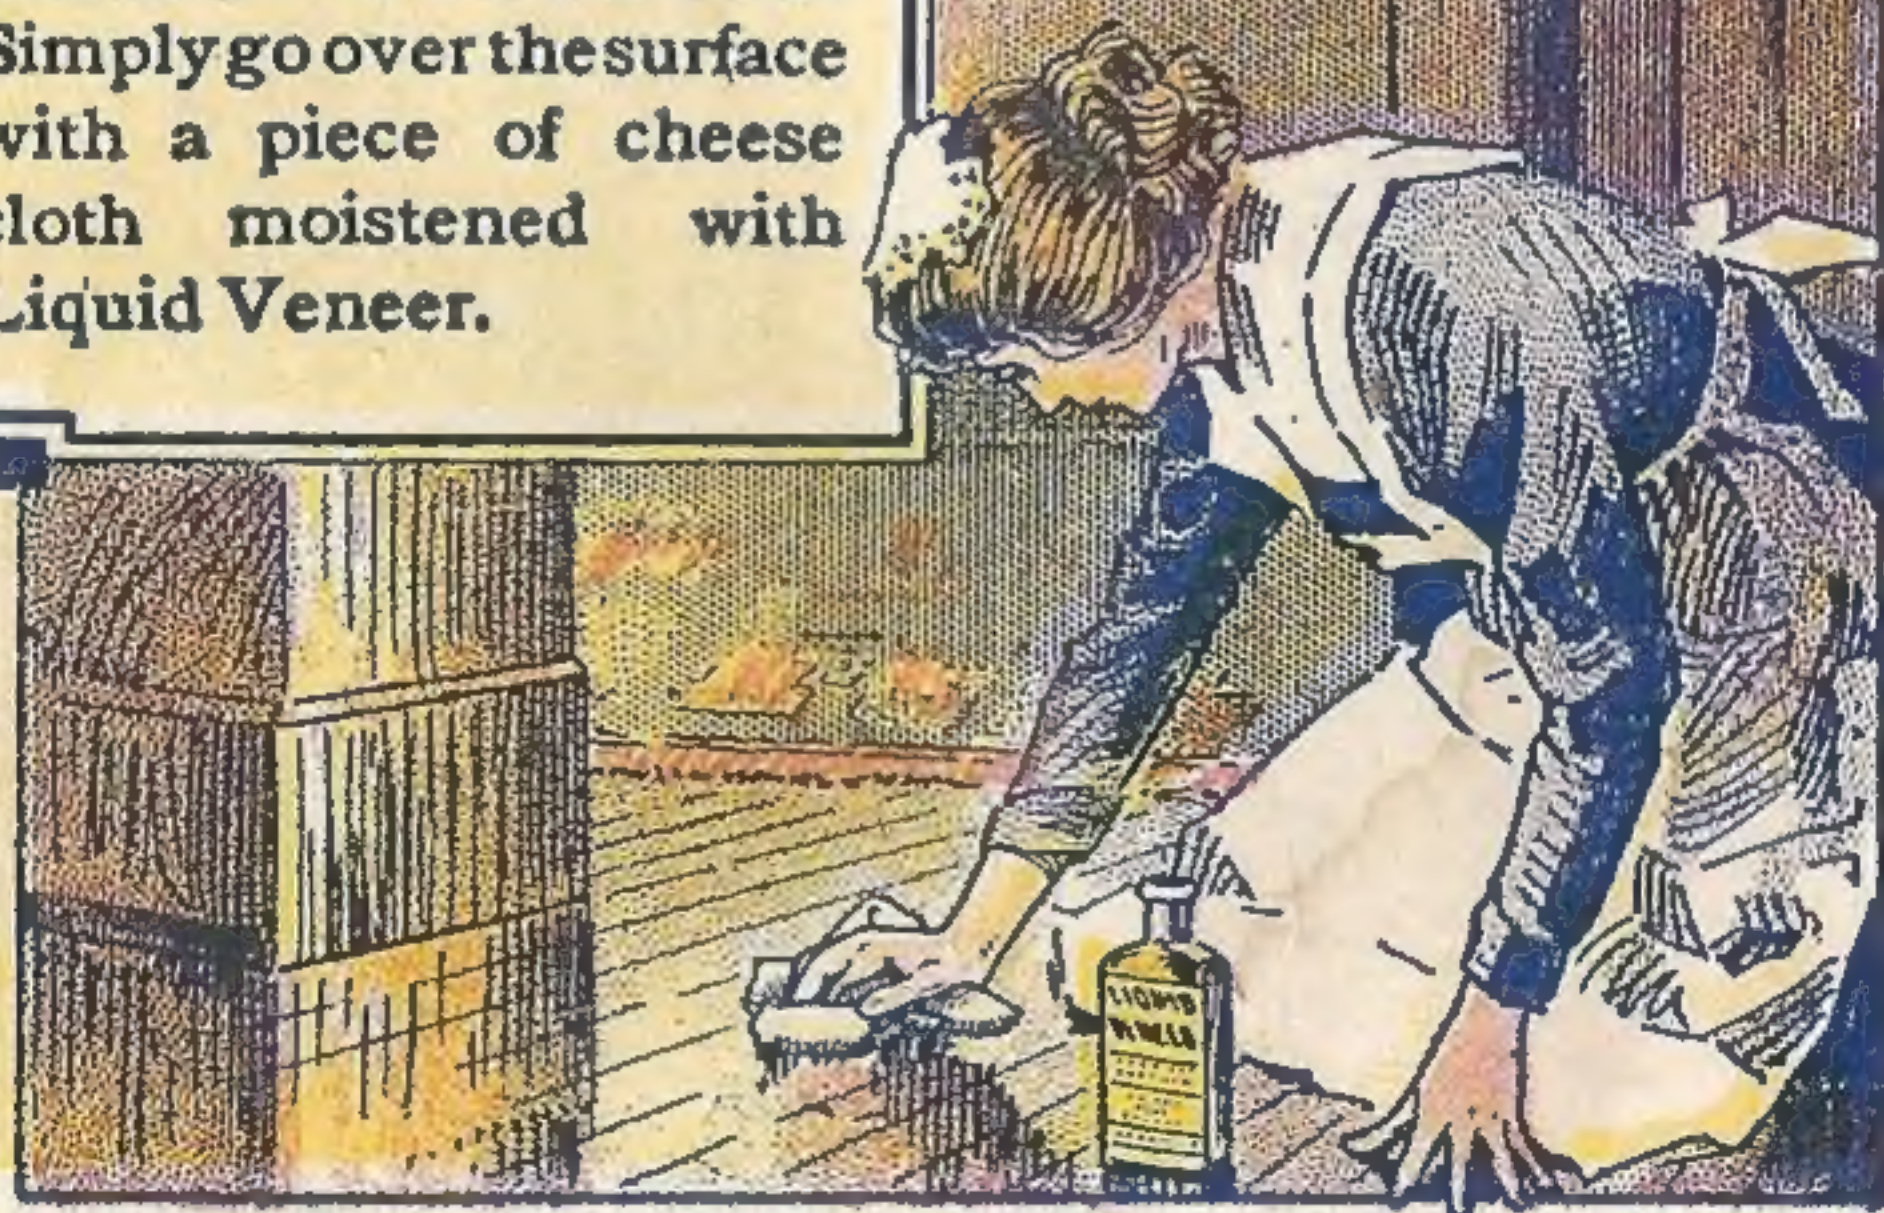

Liquid Veneer makes an automobile look as though it was just out of the factory. It cleans and beautifies the costly varnished surface also preserves the leather curtains, cushions and top and adds to their durability. Try Liquid Veneer on a car previously washed free of mud and grit, and see the wonderful results.

Liquid Veneer gives the same wonderful results on lacquered metalwork as it does on furniture and woodwork. Use the same Liquid Veneer-moistened cheese cloth duster as used for other dusting. Special directions and extra duster not needed.

There is nothing like Liquid Veneer for cleaning and polishing hardwood floors and all painted, enameled or natural finished woodwork. Simply go over the surface with a piece of cheese cloth moistened with Liquid Veneer.

A woman with dark hair in a bun, wearing a dark dress with a white collar, is shown from the side. She is using a cloth to clean a large, ornate yellow picture frame. The frame contains a painting of a man and a woman in a landscape. The background is a textured, greyish-blue.

Every picture dusted with Liquid Veneer is the picture of good cheer. Simply dust the frame with a cheese cloth duster moistened with Liquid Veneer and see the gilt, enamel, oak or ebony frame instantly restored to its original newness.

A woman with blonde hair in a bun, wearing a grey dress with a white collar, is shown from the side. She is using a cloth to clean a wooden hall-rack. The hall-rack has several coats hanging on it. The background is a textured, greyish-blue.

Liquid Veneer gives the hall-rack that cheering touch which says "Welcome." Whether the finish be dull mission or a highly polished one, all that is necessary to make and keep it just like new is to dust it with a cheese cloth duster moistened with Liquid Veneer.

Suggestive Uses For **LIQUID VENEER**

The illustrations shown on this little folder will convey an idea of the many purposes for which Liquid Veneer may be used to brighten and beautify the home.

The directions are very simple and easy to follow. Shake the bottle thoroughly, after which moisten sparingly a piece of cheese cloth with Liquid Veneer and rub the piece of furniture or other surface that you wish to clean and beautify. Then take a clean piece of cheese cloth and **RUB DRY**. The original beautiful finish will be instantly restored.

Do not fail to read the directions for dusting with Liquid Veneer which you will find on the package. As Liquid Veneer is an antiseptic its regular use when dusting will serve to keep the home in a highly sanitary condition. Besides this, it will render the frequent refinishing of polished and varnished surfaces entirely unnecessary.

Liquid Veneer is sold by nearly all dealers. Do not be persuaded to accept a substitute, for there is nothing else "just as good."
